

Create New Dishes for the King

Written by Ella Chan (2F 2)

Your Majesty King Luke,

I have designed two dishes especially for Your Majesty. The theme of the dishes is "Fairy Party".

The first dish is called "Little Magical Fairy Garden." I need five ingredients for this dish. There are tomatoes, lettuce, mashed potatoes, corn, and chayote. Since there is salad dressing in the dish, it will taste sweet. The texture of this dish is unique. It is crunchy when Your Majesty eats it.

The second dish is called "Fantastic Fairy Ice-cream Sundae." I need six ingredients for this dish. There is milk, strawberries, strawberry jam, blackberries, grape jam, and chocolate. It will taste sweet because there is sugar, honey, and chocolate sauce in the dish. It is soft when Your Majesty eats it.

My dishes are really creative, and I believe Your Majesty will enjoy them. I have the honour to remain, Sir, Your Majesty's most humble and obedient servant.

Yours sincerely,

Ella Chan
