

The Pet I Want To Keep

Written by Jayce Lai (2L 14)

This is the best pet for me. It is a dog. It is white and light brown. It is adorable and playful. It has soft paws and a long tail. It is friendly because it likes to play with me. It is also playful because it likes rolling around. It can bark, too.

I want my pet to be healthy and happy, so I need to be a responsible pet owner. When my dog is hungry, I need to give it healthy food. Also, when it is thirsty, I need to give it fresh water. When my dog is unhappy, I need to give it belly rubs, too. However, it likes to scratch my sofa.

After careful consideration, I think I can keep a dog as my pet. I can give it everything it needs, such as healthy dog food. Also, I can often spend time with it to make it joyful. I am sure it is going to be happy and healthy all the time. All my family members will love it. Now, we can plan when to get it. Hurray! I promise I will never abandon it. I will take good care of it.
